

# Memorial Bench Troopers Hill Field

Friends of Troopers Hill often get requests for memorial trees and benches to be placed on the Field.

This year working with Bristol Parks, we have found space for one extra tree and an additional bench.

The bench has been located so that it will be alongside the new path that we are hoping to have constructed along this side of the Field.

Following the tree planting in 2016 and in 2011 there is now little scope for further trees and we also feel that the Field has enough benches, but please do contact us to let us know what you think.

Here is a message we received from the family thanking us for supporting them in getting the bench installed.

*The Atkinson family with help and support from Susan Acton-Campbell (Chair of Friends of Troopers Hill) have arranged a memorial Bench in memory of Paul Atkinson.*

*He loved coming up to Troopers walking the dogs and taking the Grandchildren up to the park. And having a good old chat with the dog walkers.*

*We have a lot of good memories here. Which will continue and the bench will be a part of the community which is lovely to know. Plus it will be a place for the family.*

*My Dad will be pleased; it was something we all talked about before he passed away.*

*So from the family enjoy and look after Troopers Hill, it holds a lot of memories to a lot of families.*

*Regards*

*The Atkinson Family*

*May 2017*
